

MULTOS AWS IoT Solution

Featured on the Raspberry Pi Plug-in

AWS IoT Greengrass seamlessly extends AWS to edge devices so they can act locally on the data they generate, while still using the cloud for management, analytics, and durable storage. The MULTOS HSM for Raspberry Pi will support AWS IoT Greengrass to offer developers a user-friendly, secure hardware root-of-trust solution for robust IoT developments.

Supported Features

- ▶ PKCS#11 Interface
- ▶ AWS IoT Greengrass
- ▶ OpenSSL and mbedTLS
- ▶ Upgradeable via lifecycle management
- ▶ Customisable allowing a flexible approach.
